

## Introduction

AFRASIA is introducing Smart Form Automate System for Swift Transfer facility. Now our customer are filling the paper swift form and sending to bank for processing. ABL has to enter the data manually into the bank system, which is a time-consuming process. With introduction of new system, Data is validated automatically at different level and it will speed up transfer process at Bank level.

## How to use the new System?

*Pre-requisites: Download Java on your workstation & save - One time process*

Click on the below link to download Java (JRE 1.8 or latest)
